MISSION/ OBJECTIVE

- Ideal Auto Body LLC, was established in 2017 from having a passion for the auto body business. After 20 years in the industry working for other owners/corporations, my mission was to create a shop that takes pride in their work and delivers great customer service.
- Our core objective is to build a business through great customer service, exceptional quality, and a high level of attention to detail with all repairs. We use all quality products and materials to get our repairs back to or better than pre-accident condition.
- Our immediate objective is to obtain great working relationships with insurance company affiliates while providing quality repairs for our customers.

TESTIMONIALS

- “Ideal Auto Body is fantastic! I was completely satisfied with recent repairs to my car. It looks better than new and is 14 years old. Mike and his staff are professional, and their expertise will be obvious. Nice people to work with also”

~Craig Roe

- “Mike Humbert was awesome. He took care of my entire situation with the insurance co. And my car looks wonderful again. He was very professional. I will be recommending to all my family and friends to call on Mike. Thank you, Mike for all you did!”

~Belinda Gebhart

- “If I could give them more than 5 stars I would. Exceptional service. We had an issue with a part being faulty (sold to them by the part supplier. Which happens). They went above and beyond to make things right. I can not say enough good things about them. The work they do is amazing, and they don't rip you off with the prices. Honest, dependable and they stand behind the service... not too many places you can say that about anymore. I won't take my business any where else and will recommend them to everyone.”

~Heather Kinlein

- “Highly recommend for collision repair and regular maintenance. Fast, friendly and great work”

~Jennifer Misterka
