

Turn Your Van Inside Out!

...With the **Katerack**[®]
Interior Shelving System

CAPACITY

- Provides more efficient use of your van's cargo area... up to double the capacity!

SAFETY

- Eliminates the need to go inside the van.
- No crawling into the van kneeling on an unseen object or tool, pullout shelves bring everything within easy reach.

EFFICIENCY

- Allows you to become more organized, and provides faster, easier access to tools and inventory.

In order to find anything in this van...

...the first step would be to take everything out!

Side Katerack shelving measures 36"D x 21"W; 5.25 sq. ft./shelf

- Standard shelf, 6" shelf and 10" deep drawer can be used in any combination
- Rear Katerack shelving measures 36"D x 42.5"W; 10.6 sq. ft./shelf
- All shelves have 300 lb. weight capacity
Shelves mounted on full extension, easy-glide side rails
- Shelving is infinitely adjustable and uses a heavy-duty Unistrut system.
- Double-locking mechanism and handle keeps shelves securely in place
