

Summer Camp 2021

Application Form

We have implemented a new structure this year in line with [COVID 19 Pandemic Guidelines](#) by California Department of Public Health, California Department of Social Services in collaboration with The California Department of Education.

- All children will be required to have a COVID 19 test.
- They will have to supply us with negative results prior to attending.
- **A Copy of the test result will have to be emailed** to The Knowledge Shop at theknowledgeshopla@gmail.com prior to starting the camp.
- All students will have their temperature taken at the Knowledge Shop three times a day, on arrival, at lunchtime, and in the afternoon. If their temperature is 100.4 parents will be asked to take their child home.

This summer because of the pandemic and social distancing we have limited space available. Space will be offered on a first come, first serve basis. All that evidence and documentation will be provided in advance, along with your payment. All students should also have a mask to wear during classes. We will not expect them to use them during lunch and snack times. Our building has been thoroughly disinfected in preparation for this year's summer camp. We will continue to clean the building during the day when the children are present to prevent contamination.

We look forward to seeing your children at this summer's program. If you have any further questions, please do not hesitate to contact us so we can answer any of your concerns. We understand that many of our students have had little or no math and science instruction or distance learning during the shutdown.

Black and Brown children are currently the lowest performing children in the state of California. Our summer intensive ensures that our children will return to school ready to hit the ground running.

Our Summer camp is known as:

S-Science
T-Technology
R-Reading
E-Engineering
A-Academic
M-Math

2021 Summer Camp Weekly Dates
