From Human Resources

"The roots of all goodness lie in the soil of appreciation for goodness."

—Dalai Lama

Wow we would be lying if we didn't say the past year has tested our 230 team members health, purpose and faith.

However, when questioning these things we leaned on one another to bring us back to the center for some "goodness."

As we move forward and grow from the troubled soil of 2020, COVID-19 and various other obstacles we are encouraging YOU to help the GNS continue to spread the soil of appreciation to the AMAZING and dedicated team members! How so... send an email stating how a team member or team members have improved and impacted a loved ones care over the past year. We will share your kind words of encouragement with them and enter them into various drawings! Additionally, when visiting you can share the "goodness" of a team member by nominating them for the employee of the month parking spot at the Business Office.

Thank you for your assistance in helping us nourish the faithful, dedicated and devoted employees of GNS!

Health. Hope. Hugs.

~ The Meadows May Highlights ~

Above: Tenants had a fun afternoon creating personalized flower pots. After their hand painted pots dried, they each selected succulents, seeds or flowers for their planters!

Left: Ed Bishop was on one of many golf cart rides throughout the month. If you look close, you can spot a rainbow!

Below: On a windy Saturday in May, tenants were guided on an in depth tour of the newly renovated Saint Peter and Paul Church in Petersburg. Rick Domeyer, current Parish and Council member walked the tenants through the beautiful architecture and rich 100+ year history of the first consecrated church in the state of Iowa!
