JEWELRY  EYEWEAR

Meet Mike Hurst and wear jewelry

“My main goal is to satisfy all of my customers, treat people with respect, and provide great service.”

In 1908, Benjamin Hurst started Hurst Diamond Shop in downtown Kansas City, Mo. This is when he put in an optical department on the other side of the jewelry store. He was known as Honest “Ben”. In 1963 his son Morton Hurst took over Hurst Diamond Shop and changed the name to Hurst Fine Diamonds; that name continued until 2014. In 1968 Morton’s son Michael started working in the family business when he was 13, and has continued the family legacy as it is today. Michael changed the name again and brought back the Optical department within the jewelry store, bringing back his Grandfather’s original idea. This became the birth of Hurst Jewelry and Eyewear.
