

# When it comes to COVID-19, Clean Like a Contractor

- **Virucidal – kills Human Coronavirus and 12 other viruses in 5 minutes**
  - Kills and controls Mold, Mildew, Fungus and Bacteria (10 minutes)
  - Tuberculocidal (10 minutes)
  - Eliminates Odors\*

Sporcidin Disinfectant Solution is an EPA registered intermediate level disinfectant for use on environmental surfaces where broad-spectrum kill claims and surface compatibility are needed. Sporcidin Disinfectant Solution provides both cleaning and disinfecting in one product.

- On the U.S. EPA “List N”
- Effective against both enveloped and non-enveloped viruses in 5 minutes.
- Kills bacteria, fungi, mildew and mold in 10 minutes.
- Reduces the hazards of cross contamination
- \*Deodorizing activity for up to 6 months if not removed from surface.
- Compatible with most plastic, latex, vinyl, glass, treated wood, metal, glazed porcelain, and glazed tile surfaces.
- Cleans, deodorizes and sanitizes carpet.
- Use at home or in nail salons, spas, wellness centers, and other commercial settings.
- Strong enough for use in Healthcare facilities such as hospitals and nursing homes.

*Ready-to-Use Product. Do not dilute or mix with other chemicals.*

*Always spot test in inconspicuous area prior to application for compatibility.*
